

Rain Delays Harvesting But Wheat Crop Prospects Still Are Good

RUST DAMAGE ONLY SLIGHT IN ALBERTA

Wheat Cutting In Saskatchewan Is Nearing Completion

MONTREAL, Aug. 26.—Executive rain throughout Canada has caused delay in the harvesting of wheat crops but the prospects are still good for a highly satisfactory yield, according to the Bank of Montreal telegraphic crop report issued Thursday.

Lower temperatures and occasional rain have delayed the wheat harvest in some areas. Rust damage is slight and there has been no sign of an early frost.

HOPPERS ACTIVE
Wheat cutting is nearing completion in Saskatchewan, despite adverse conditions, in all but the central and west-central districts. Grasshoppers are still active and some grain is being cut for feed in the areas affected.

Threshing is well under way in Manitoba. Rust has reduced yields in a few districts but owing to the high percentage of winter wheat, which sown this year the crop will be satisfactory.

FRUIT CROP LIGHT
The crop of apples, tomatoes, corn fodder and roots seems assured in Ontario. Apples are sizing well but the yield will be fairly small. In British Columbia, peaches, plums and prunes are coming along well. Fruit yields have been slightly below average but the quality has been high. Some of the grain has been in some parts, but the crop is not large.

Canadian Wheat Export Outlook Good

CHICAGO, Aug. 26.—United States wheat traders said they were more incentive for buying on the sharp price rally late in the session of the Chicago grain exchange might have come from reports west weather is causing concern in Saskatchewan.

Except in areas where rust is common, moisture has aided development of late crops but has delayed ripening of others. Light frosts have been reported in some districts.

Market commentators called attention to the favorable outlook for new Canadian wheat at Liverpool. Even if the British duty of six cents a bushel, on non-Dominion wheat is reduced or withdrawn, it was pointed out, the grain still would give Canadian wheat a competitive price. No 1 Manitoba wheat for September delivery was quoted in the Liverpool pool market at 82½, while No. 2 domestic hard winter for August was at 82¼. The French government was reported offering 14,000 tons of wheat for export.

Compensation Act Reforms Urged By Maritime Miners

TRURO, N.S., Aug. 26.—United Mine Workers of district 28 held their biennial convention Thursday with demands for reforms in the Nova Scotia workers' compensation act and a resolution to act as a miners' memorial day.

During the three week session, delegates placed themselves on record in favor of full control and commodity boards. A number of control improvements of coal into Canada, and the latter to exercise control over commodity prices.

Bet Her Future On A Horse

HUNGERFORD INSPECTS NEW T.C.A. PLANES

C.N.R. President Initiated To Flying In New Model Craft

VANCOUVER, Aug. 26.—Salt-faction with the Lockheed 10-11 air liners that Trans-Canada Airlines will use to span the Dominion was greeted by Sir H. Hungerford, president of T.C.A., chairman and president of Canadian National Railways, who made his first flight in one of the ships.

An identical ship was used by Howard Hughes in this recent record globe circling flight.

VISITS PLANE PLANT

With three of his board of directors, Mr. Hungerford paid a visit to the Boeing aircraft plant in Seattle where air engineers sketched out for the future of aerodynamics. Not only did they see the latest clipper-type flying boats, but they also saw the construction, they also had a look at the future of the trans-oceanic aircraft with four times the capacity of the big Clippers now being built.

GETS CONCRETE VIEW

Since Trans-Canada operates twice as fast passenger mail schedules between Vancouver and Seattle Mr. Hungerford had to see the practical functioning of his airline which is being built on the future of the world's air line.

On the ground and in the air he followed operations with the interest and expressed the view that Canadian air line would have facilities unsurpassed on this continent.

Mackenzie

February 14 when he suggested that all defence department contracts be referred to the public accounts committee of the house for examination. He deals with the work of Major James Hahn, promoter of the John J. Hahn company, in the possibilities of manufacturing the Bren gun in this country, and explains how the major's proposals were also rejected by the national defence department and by the inter-departmental committee on control of profits.

The British and Canadian contracts are identical, the minister's statement says, and were given pursuant to the policy of establishing a reserve manufacturing resources against an emergency.

Mr. Mackenzie says the estimated saving to the Canadian government is more than \$1,000,000, when compared with what it would have cost if Canada had not entered into the contract for the Bren guns in conjunction with a similar contract entered into at the same time by the British government.

Mackenzie Favors Inquiry Into Wild Statements

KELOWNA, B.C., Aug. 26.—Hon. Ian Mackenzie, defence minister, announced here last night regarding an article in a national magazine by Lieut-Col. George A. Drew dealing with a government contract for the John J. Hahn company for the machine guns.

The two contracts mentioned British and Canadian governments are exactly similar. Therefore the article not only attacks the Canadian government but the British government as well. This is greatly to be regretted when Canada is trying to carry on negotiations for building aircraft in Canada.

"When a man makes wild, irresponsible statements there should be some investigation. I said the same twice in the house of commons last year. Personally I should like to see the article inquired into all such statements. But of course I can't bring it before the public accounts committee myself."

Rumors has more, credits than any other country in the world.

LABOR PARTY, C.I.O. FORCES WILL CLASH

Rumblings Evident Of Impending Battle On Floor Of Labor Congress

WASHTON, Aug. 26.—As preparations go forward for the annual meeting of the Trades and Labor Congress of Canada at Niagara Falls, Ont., the week of Sept. 12, rumblings are evident of an impending clash on the floor of the Labor Congress between the forces of American Federation of Labor and the Committee for Industrial Organization.

Congress officials here decline to discuss the situation but experienced men in ranks of organized labor see nothing for it but a fight to the finish on whether the Congress can continue to hold together the wings unions which in the United States are locked in a desperate struggle.

REMAINED IN CONGRESS

The C.I.O. unionists became affiliated with the Trades and Labor Congress of Canada while they were in the United States. They were not invited to the Congress and it is understood that they will not attend.

Approximately 120,000 workers affiliated with the congress, about 30,000 are members of the C.I.O. unionists. The United Mine Workers of America, the United Brotherhood of Carpenters and Joiners of America, an International A.F. of L. union, and the International Brotherhood of Teamsters are the only unions which have a similar position to the C.I.O. unionists.

WILL WITHDRAW

Chinese reports said large Japanese landing parties met virtual "annihilation" by entrenched Chinese fighters who estimated the invaders lost 300 men at each of several points. Heavy losses were admitted by the Chinese.

MAN IS FINED \$20 ON BINGO GAME CHARGE

HAMILTON, Ont., Aug. 26.—Magistrate H. A. Burdick Thursday fined Herbert Spence \$1 each on two bingos charges arising from bingo games sponsored by the Aftic association a few weeks ago.

Money raised in the raid on the theatre basement where the games were being conducted to be used by the police temporarily but will be returned to the association if no appeal is made.

The magistrate ruled he was bound by the "McCarthy case" in Sarnia, involving a game sponsored by a Roman Catholic church. Magistrate Burdick said he believed it was the intention of parliament to protect the "old church houses" here and there, but he did not think parliament ever intended to allow a game to go on like this afternoon and night, week after week.

Price War Over Coal Hits Dealers: Face Bankruptcy

TORONTO, Aug. 26.—Fifty per cent of Toronto's coal dealers face bankruptcy and many have already been forced out of business as a result of a price war started last spring by a "handful of coal dealers."

William A. Dunn, president of the Ontario Retail Fuel Dealers' Association said last night.

Mr. Dunn claimed certain "cock dealers" had a policy of buying a whole season supply of coal in the spring, when the price of coal is at its low level, and selling it at spring prices throughout the year.

Another Mystery For Cleveland Cops

CLEVELAND, Aug. 26.—A summer school student came upon the beaten body of an unemployed Western University Thursday and the police homicide squad, already vexed and worn by 12 unsolved "lone killings" added a new mystery to its list.

Orlando Schiavoni, 20, the former student, hadn't been home since Tuesday evening.

Croft Recalls Old Murder Passing Through Calgary

CALGARY, Aug. 26.—Sir Henry Croft, British parliamentarian, has just completed a tour of central British Columbia in the interests of Empire migration, remembers Calgary.

Passing through here Thursday on his way east, he recalled that in his last visit in 1912 there was a commoner as he was about to leave on a train. He learned a lesson from the experience.

Croft, a member of the House of Commons, is expected to be in the city for a few days.

SECRETARY WILL SUBMIT REPORT ON SHORTAGES

Exclusive to Edmonton Bulletin
DRUMHELLER, Aug. 26.—Report from the secretary to the provincial agricultural department, covering the cash shortage at the Drumheller hospital for a few more weeks, awaits the return of the secretary to the province.

Drumheller's hospital is expected to be in the city for a few days.

Government probe into hospital affairs has been under way for two weeks following requests for an independent investigation from hospital trustees and miners. Miners are protesting against any attempt to raise their annual fee from \$900 to \$1,075.

It is anticipated that the report will be in two parts, the first one to be released dealing largely with the miners' contract, and the second half, which may not be completed for a few more weeks, dealing with the place responsibility for the \$1,000 which, it is alleged, has been stolen from the institution over the past few years.

East Calgary District Will Be Factory Zone

CALGARY, Aug. 26.—Third reading of the bill to amend the zoning bylaw so that nine blocks in the proposed East Calgary site of the 1,300,000 railway of the British American Oil Company will be changed from a two-family district to a factory zone, when council meets late today.

This will be the second special council meeting since the bill was introduced by Ald. George Brown, yesterday, prevented council from giving third reading and adopting the bylaw.

When the bylaw has been passed by council, the proposed rezoning must be approved by Hon. W. A. Patterson, minister of public works, before it becomes effective.

Assiniboine River Not Contaminated

BRANDON, Man., Aug. 26.—Laboratory analysis of the grey and greasy coloring in the city water supply from the Assiniboine River revealed the water free of gas and contamination through the water is unpleasant to drink.

Two Chinese Battalions Are Killed By Gas

GENEVA, Aug. 26.—The Chinese government formally charged before the League of Nations Thursday that two battalions of its troops were wiped out by a Japanese poison gas attack near the town of Chuching, northeast of Chungking.

The accusation was contained in a note given to the League of Nations by Dr. V. K. Wei, Chinese minister of foreign affairs, for the information of League council and assembly members and of the inter-Asian advisory committee.

WORLD HEARS LORD STANLEY OPENING FAIR

Exhibits at Canadian Exhibition Represent All Continents and Climates

TORONTO, Aug. 26.—Capital of the empire for a few minutes Thursday night, Toronto paced Canada's sister nations. In reply, messages came from the far corners of the earth following a greeting from Lord Stanley, secretary of state for the Dominion in the British government, as he opened the United Kingdom pavilion and the government's building at the Canadian National Exhibition.

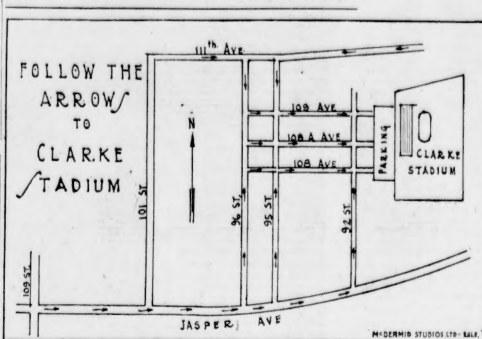

In his first public address since arriving in Canada, Lord Stanley, who is to open the exhibition officially today, dispatched his message from the handiwork near Lake Ontario and the replies were back in Toronto in a few minutes.

"On the eve of the opening of the 60th Canadian National Exhibition I wish to convey my cordial greetings to the government represented at the exhibition and through them to the peoples whose energy and industry are so worthily demonstrated by the products exhibited here," said Lord Stanley's message. "I am honored by the privilege of opening the buildings in which their products are displayed."

WHEAT PRICES WILL REMAIN LOW IS CLAIM

Material Reduction in Acreage Or World Improvement Only Solution
WASHINGTON, Aug. 26.—The United States Bureau of Agricultural Economics said Thursday world wheat prices for the 1939-40 marketing year will remain low unless there is a material reduction in acreage next year or an

improvement in world economic conditions. The bureau said that, on the other hand, U.S. production next year is kept in line with the agriculture department's wheat program, prices in this country probably will average somewhat above world levels.

The department is asking wheat growers to seed about 53,000,000 acres for the 1939 crop, compared with 56,000,000 acres planned for this year's crop. The bureau said current crop prospects indicated the world supply of wheat was about 430,000,000 bushels more than a year ago. "If there is not much change in demand," the bureau said, "the large wheat supply in prospect this year will result in lower world prices than in the 1937-38 marketing year."

DEWEY AGAIN SCORES POINT IN HINES CASE

Horseman Places Tammany Leader In Schultz Company
NEW YORK, Aug. 26.—Appearance of a witness who placed James J. Hines, Tammany district leader, in the company of a late Dutch Schultz in 1935 sensationally climaxed Thursday the efforts of Hines' counsel to tear apart testimony that the Democratic boss served as paid political protector of Schultz's policy racket.

A bare five minutes before Hines' trial for conspiracy and contriving a lottery adjourned to supreme court. District Attorney Thomas E. Dewey called Dudley Brothwell, riding master of Purdy, Conn. PICKS HINES

Brothwell identified a photograph of Schultz, recalled the witness as a customer of his riding school, and identified "Lulu" Rosenkrantz, Schultz's bodyguard.

"I ask you to look around this courtroom now," said Dewey, "and see if you see anybody here who recognizes as ever having been with Schultz? Stand up and look all around here."

The witness stood. His eyes roved the jury, the lawyers, the spectators and finally stopped. "Yes," he said, "that gentleman right there." He pointed to Hines.

UNITED STABLES
"What does he look like, so we will know who you are referring to?" Dewey asked. "What color pocket does he wear?"

"Red," Brothwell said, and every pair of eyes in the courtroom turned to Hines' flaming cravat.

Brothwell testified that Hines, Schultz and a woman came to his Fairfield stables to look at the Dutchman's horse "Sun Tan" which was boarded there, in the summer of 1935.

Defence counsel postponed cross-examination of Brothwell until Friday.

NEGOTIATIONS ON PLANE DEAL NEARLY CLOSED

OTTAWA, Aug. 26.—Negotiations between Canadian aircraft manufacturers and the British military mission are approaching completion and there remain only a few finishing touches to be put to the proposals discussed during the past month.

Thursday the British envoy, Air Marshal Sir Edward Ellington, Sir Hardman Lever, F. Handley Page and A. H. Self, spent the forenoon in consultation with Major General L. R. LaPêche, deputy minister of national defence. No statement was forthcoming.

Greater Safety Aim Of Canadian Seamen's Union

TORONTO, Aug. 26.—Canadian seamen's union will present six separate resolutions aimed at promoting safety at sea and on the Great Lakes to the Canadian Trades and Labor Congress meeting at Niagara Falls, Ont., next month, Dewey Ferguson, union secretary, announced Thursday. Dewey said the resolutions would deal with safety gear, landing gear, wireless equipment, fire-fighting kits and fire drills.

Highway Fatalities Decline In Ontario

TORONTO, Aug. 26.—Ontario highway fatalities during the first seven months of 1938 showed a 42 per cent decrease over the corresponding period of last year, according to a report issued Thursday by A. TROUBLE IN FRANCE NEAR SETTLEMENT

Compromise Solution Seen Over 40-Hour Week Disturbance
PARIS, Aug. 26.—The political crisis which developed from Premier Edouard Daladier's proposal to modify the 40-hour week law appeared headed Thursday toward a compromise settlement which would preserve the government and the Popular Front.

The national committee of the Popular Front announced at the close of a special meeting to debate the plan that it "remained unanimous in the desire to maintain the integrity of social laws ordered by the Republican majority and to meet all needs of national defence and independence of the country."

The announcement indicated the Socialist, Radical-Socialist and Communist parties, major members of the Popular Front, had agreed on a formula to maintain the principle of the 40-hour week but to relax its application in favor of longer hours in vital industries.

The committee appointed a delegation to confer with Premier Daladier Saturday on the longer work week.

"Gentle Press" makes it a 2 to 1 bet that Libby's SOUP, CATCHUP, JUICE are the best you have tasted

Libby's Gentle Press Tomato Soup, Libby's Gentle Press Tomato Catchup, Libby's Gentle Press Tomato Juice

DOUBLE YOUR MONEY BACK OFFER

If you could come with us to Libby's Canadian Kitchens during the tomato season you would quickly convince yourself that Libby's patented "Gentle Press" method (Canadian patent No. 334,356) does bring to you the succulent juices of garden-fresh tomatoes with a taste-pleasing flavour that is exclusively Libby's.

Standing at the "Gentle Press" machine, you would sense its magical heartbeat, and comparatively free of seeds but full of luscious appetizing-tasting juice. They are grown right at Libby's Canadian Kitchens and are hand-picked and processed all within a few hours.

Libby's make this friendly challenge. The next time you are at your grocer's, ask to see a can of Libby's "Gentle Press" TOMATO JUICE, TOMATO CATCHUP, or TOMATO SOUP. Taste them yourself, and you will be convinced that they are positively the most flavourful—the very best you have tasted. Libby's will cheerfully refund the purchase price.

A HOME FROCK OR COVERALLS, APRON With Slim Look. In Sizes 14 to 42

A contrasting white surplice collar and ruffling, makes a very effective trim for this cool, wicker cotton print frock or "coverall" apron. It's ideal to breakfast in or to slip on over your dress when preparing dinner or when you're putting the children to bed. It weighs the figure in youthful slimness and is quick to get in and out of. The sleeves are very free and easy to do about your household chores. Even a beginner will find it a joy to sew. The one-piece fronts and one-piece back are joined

By ALICIA HART
Experts agree that, except in rare cases, bad health habits are the cause of unattractive skin. There are efficacious creams and lotions and complexions treatments of course, but one who wants to get rid of blemishes, eliminate wrinkles and correct an exceptionally dry condition had better get at the root of the trouble quickly.

This means seeing one's family doctor and insisting upon a thorough physical examination and discussion of one's health habits.

For true complexion beauty, one's circulation must be excellent. Otherwise, the skin cells will not be receiving adequate nourishment from the blood stream. Your doctor can tell you what is wrong with your circulatory system and recommend exercise or whatever is needed.

Naturally, constipation is the great enemy of lovely skin. Do not seek a temporary cure, but have your doctor map out a plan for a permanent cure. After that, remember to eat more leafy vegetables, fresh fruits, cereals of whole, natural grains.

If you have had a bad complexion for more years than you care to remember, try eating more foods rich in vitamin B. Cabbages, radishes, onions, apples, carrots and cauliflower, for example. And for healthy, lovely nails and glossy hair, drink your calcium-rich buttermilk, milk and cream, like a good little girl. Cottage cheese contains quantities of calcium.

Incidentally, according to an eminent diet expert, citrus fruits, green leafy vegetables and beans and carrots are anti-oxidant and are therefore important to one who is anxious to eliminate exceptionally dark circles under her eyes. In other words, eat more of these as well as skin beauty, every woman should eat quantities of fresh vegetables and fresh and skim milk, drink milk and orange juice regularly. And be positively fussy about your exercise, eating, and daily elimination habits.

DESIGN No. 825—SOPHISTICATED LACY EMBROIDERED SET
We are so pleased to give you this lovely design and this dignified collar and cuff set. It is one of our favorites. We picture it worn on yellow linen worn with a light blue dress in white or black or navy; onyster-white peasant linen with almost anything from red to gray. The embroidery is only straight stitches, worked into an artistic, unusual design with long threads.

The pattern includes transfers of the embroidery design, cutting pattern for the collar and cuffs, material requirements, stitch and color charts, keys and diagrams of stitches.

Send 15 cents in coin for this pattern to The Edmonton Bulletin, Needlework Dept., Edmonton, Alberta.

So far as these women can tell they rate right along in their husbands' esteem with the electric refrigerator and the vacuum cleaner and auto.

So we have myriads of unhappy women who have technically "good" husbands; women married to men who are faithful, generous and indifferently kind, but who take all of their labor and their services for granted.

Now, if husbands did not love their wives, or if they were so ignorant of women's nature that they did not know how their wives craved affection and what value they put upon little attentions, or if they thought that their wives were mind-readers and would know that they were devoted to them, even if they never gave any indication of it, or if they were indifferent to their wives' happiness, one could understand their attitude in this matter.

But most men love their wives and want them to be happy. They further know that so peculiar are women that they set more value on words than deeds, yet they will not say the few words that would transform the whole of marriage to them and make it a joyride instead of the weary pilgrimage it is so often.

No marriage is a failure to a woman as long as her husband is a lover. No word is hard, no sacrifice bitter if he says "thank you" to her. She will gladly wear her old hat if her husband tells her how beautiful she looks in it, and she would rather have his arms around her than a string of matched pearls about her neck.

Men know all of this and with a few soft words they can make their wives happy and save themselves money, arguments and friction, and yet they will not say them. And if that isn't the limit in dumbness, what is?

There should be no emotional in-do about the big day to come. It should be a matter-of-course thing. Put on his best suit at the zero hour, brush his hair, and scrub his nails. Kiss him good-bye as he starts off. Then go and make the beds and sing. He will come home hungry. He will take care of his brain. He wants you to love him and fill in where a chap needs a friend. Very little's he going to like you better than ever.

There's no excuse for writing dull letters.

Reconsideration Of "P.R." Plan In New York Refused

ALBANY, N.Y., Aug. 26.—Reconsideration by New York state senators of a constitutional convention of the bill it passed last week on the proportion of representation of voting was refused last night.

The convention, convened to consider the form in which constitutional change would be submitted to voters next November, voted 80 to 75 against reconsideration of its amendment banning "P.R."

Ginger Ice Cream Is A Spicy New Dessert

By MRS. GAYNOR MADDOX
Ice cream gets about a lot because it's a good mixer. Whip a little cream and vanilla ice cream into a blanket of smooth goodness. Then let it gingerbread about it and you'll have a new flavor. Fruit juices will squeeze right up in ice cream quicker than you can say "voluntarily."

NECTAR COOLER (Serves 4)
Three cups of ginger nectar. I pint vanilla ice cream, 8 maraschino cherries.

Pour two large spoonfuls of ice cream in each of four deep glasses, bringing it well in the top on new side. Fill glasses evenly to the brim with nectar, and top with nectar, ice cream, cherries, and maraschino cherries or other fruit. Serve with a spoon.

If the August dog days make you a little sticky, here's a tall answer to that feeling.

CHOCOLATE MILK SHAKE (4 Large milk-shake glasses)
1. Successful chocolate sauce or syrup. 1 successful chocolate ice cream (4 quarts). 3 drops almond extract. 1 tablespoon whipped cream.

Pour shaken ice cream and milk into glasses and top with chocolate sauce. Serve with two straws.

Tomorrow's Menu
BREAKFAST: \$14.00. Fresh berries, cereals, oatmeal, brown butter, raspberry jam, coffee, milk.

DINNER: Green salad, roast turkey, giblet gravy, baked stuffed potatoes, baked scalloped eggplant, apple sauce, apricot nectar, coffee, milk.

What To Do
By Phyllis Reimont

My husband is to be married very soon. He always told me if he should marry I would stand up for him. But now his fiancée is not so sure. I am supposed to have the main stay for a bridemaid. Is this correct? She has two married sisters and one single. She also has a brother. In my family there is just the two of us. Would it be proper if she had her brother and me for attendants? I will appreciate your advice very much. Miss R. N. Y.

Answer: You have every right to be disappointed. There is no reason why the groom's sister should not be a bridemaid at her brother's wedding. In fact, when the bridegroom has a sister she should be included in the wedding party out of courtesy to him, if for no other reason. However there is nothing you can do now other than to let the bride insist on having her sister for her attendant. A very nice arrangement would be to have the bride's brother as best man and you and the bridesmaid as bridesmaids. And if she wishes, her married sisters could be matrons of honor.

Looking Them Over

Rousing Rally
Fighting Joe
McCarthy Clicks

LAST night the Edmonton Sport Booster Club put over a football rally in preparation for Saturday's Conference opener here that really was big time. I'm inclined to be a bit critical about such stunts, but I frankly admit that the affair last night in Masonic Temple topped anything of its kind I have ever seen attempted in western Canada—and it was fully as good as the rallies put over the air on the eve of major college games in the United States. Edmonton's rally went on the air over CFRN and it was done right. Darned if I didn't get all hipped up myself!

Coach Bob Fritts introduced his gridironers by one at a time. If Coach Clark Cronin wants to make a hole in the Eskimo line for his covering linemen, he can do it any time he likes by simply taking a quick misdirection in one hand and running at the Eskos. Judging from the way they slipped away from that instant last night, Cronin could run them right out of Clarke Stadium with it if he suddenly popped it from his hip pocket. Fritts was the only one who stood up bravely to the mike and gave it the works. He really had the drop on the thing though, for he never cut loose with arms of the yells he was in a game. It would blast every tube and clear the mike to the aerial.

Ex-Mayor Joseph A. Clarke, K.C., the man whose foresight and love of sport laid the foundation for the magnificent stadium named in his honor, got a rousing reception. The crowd had greeted him with "He's a Jolly Good Fellow" and three cheers that fairly lifted the roof.

It was a night that I don't think Fighting Joe will ever forget. Perhaps the majority of those there did not recall it, but it was a night, almost to a long string that Joe has carried on for many weary years. There were times when the stadium was so packed as to be a "Clarks" place. There were times when Joe could make no use for the vision that he had in mind. I know, because in three years when the break was going against him and only a handful of friends would follow him to the field, he told me some of the heavy odds he was backing. Sometimes Joe felt mighty blue, but there was never the slightest sign of surrender from him. He was a fighting man that I admire and always will.

However it would be unfair to credit the stadium entirely to Joe and I know he would be the first to object to such honors. True enough he launched the scheme, but all credit must go to the city fathers and members who finally caught his vision and pushed it steadily ahead. Credit must also go to City Engineer J. J. McCarthy. Time was when McCarthy was the only one who had any say in the city. If any city alderman ever had any doubts about the public backing him up in the limit on appropriations for stadium sports facilities he should have seen and heard the ovation given Joe Clarke. He'd never again have such doubts.

An example of how thorough and proper the preparation has been for Saturday's opener is the fact that all the athletes and ground staff at the stadium will wear smart uniforms of steel grey trimmed with blue and lettered in gold. The entire crew is expected to be at the stadium at 7:30 p.m. today for final instructions and drilling so that the crowd will be handled with maximum speed.

Tom McCarthy Goes To Beaumont

TOM MCCARTHY, the black-jacked, 37-year-old retired Edmonton ball star, will enter professional baseball next season on the regular roster of the Beaumont team in the East Texas League. Definite word of this was received yesterday by his father, J. J. McCarthy. Tom was called to Detroit by the Tigers for a trial recently and showed up so well that the club definitely decided to assign him to its Beaumont team from Tom will report at Beaumont on Monday.

His father however insists that Tom finish his high school at least. Arrangements have accordingly been made for him to complete his preparation for university entrance by attending night school at Beaumont during the playing season. Tom's day will be well filled. The school begins at 11:30 a.m. He must be in bed by 1:00 a.m. and then report at the playing field at 11:00 a.m. His ball day will finish shortly before supper and will be sure to mean to school again. Tom's a pretty one really goes to prove of good things.

Cosmopolitan Golf Sunday

IF you are a golfer, just think for a minute what it means to be blind. With those thoughts in your mind, decide right now to enter the Cosmopolitan club's annual charity golf tournament in aid of the blind. This popular tournament will start at 9:00 a.m. Sunday at the Highlands Club. Already a fine entry is assured with a number of golfers from the surrounding towns taking advantage of the chance to swap strokes with city clubbers. There will be a special tournament for women which will be played over the Prince Rupert course on Tuesday of next week. An exceptionally large and fine array of prizes awaits the best winners.

Jones won the fight in one minute, 15 seconds of the first round. Jones is the first Canadian to win the title since 1910.

Upsets Feature Play In Banff Golf Tourney

BANFF, Alta., Aug. 25.—Favorable weather in second round matches Thursday in the Prince of Wales golf competition, featured event of Banff's golf week. J. P. Breill of Buffalo, N.Y., and Frederick W. Fritts of Winthrop, Reading, Pa., advanced with six Canadians to today's quarter finals.

Main surprise was defeat of Stuart Hampton, former California amateur champion, 3 and 2 by J. A. McKay of Medicine Hat, Alta. Breill eliminated G. T. Walbridge of Stillwater, Minn., one up while Nicolaus beat Stan Howard of Lethbridge, Alta. Wednesday's Wellington cup winner, two up.

Lloydminster Nine Captures Northern Saskatchewan Title

LLOYDMINSTER, Sask., Aug. 25.—Lloydminster Comets won junior basketball championship of Northern Saskatchewan by virtue of their doubleheader victory over the Claris club here Wednesday. The Comets now meet the winners of the Regina-Moose Jaw series for the provincial title.

Holding the Claris outfit to two straight losses, the midgets made a lamp-post perfect ball for the Comets, while his teammates, including MacLean, for each of the first three innings and Ellis for four in the last six innings. A three-hit ball by MacLean in the opening inning, was followed by a home run in the second. The Comets ran up a total of eight runs to take the series.

Argemmon pitched good ball for Claris in the midgets but failed to hold the Comets in check allowing twelve hits and was credited with twelve strikeouts. Sprung, the opening pitcher, was touched for seven hits and struck out three, adding the club to 2 runs. The Comets ran up a total of eight runs to take the series.

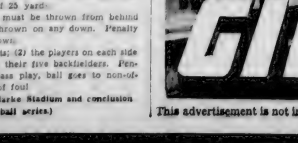

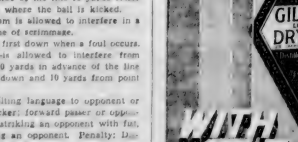

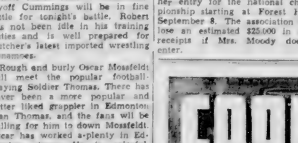

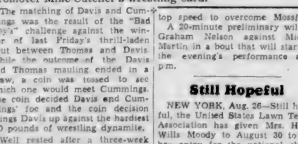

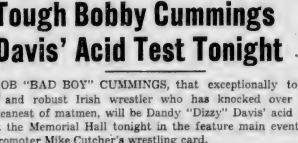

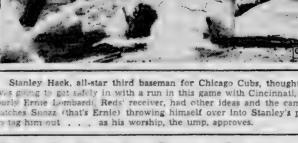

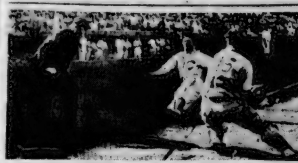

Red-Headed Patty In Quarter Finals

CHICAGO, Aug. 25.—Patty Berg, 191 lb., moved clear Thursday day to her first women's western United States championship. Miss Berg gave the Olympia Club a 191 lb. victory in the 1938 Chicago City Club championship. Berg is the only woman to win the title since 1910.

10 Tilts Face New Edmonton Football Squad

A ten-game schedule faces Edmonton's new grid grid Eskimos, when they kick-off against Calgary Bronks in the opening game of the 1938 Western Canada Football Conference season at Clarke Stadium Saturday afternoon starting at 3 p.m.

After making their bid against the Calgary invasion Saturday, Eskimos will make a swing around the circuit, playing in Regina September 22, in Winnipeg, September 29 and will meet the Bronks in Calgary, September 17.

The Eskimos schedule includes eight conference games, four of which will be played in Edmonton, two in Calgary and one game in both Regina and Winnipeg. Eskimos will play the University of Alberta Golden Bears October 1, and will take part in another contest October 22, with a team still to be chosen.

The playoffs are slated to get under way October 25, with the teams finishing second and third in the league meeting in the first round to meet the first place team November 5, and November 12 in a home-and-home series for the league championship.

The 1938 league schedule follows: Aug. 27—Calgary at Edmonton; Sept. 2—Edmonton at Regina; Calgary at Winnipeg; Sept. 9—Edmonton at Winnipeg; Sept. 12—Regina at Winnipeg; Sept. 15—Winnipeg at Regina; Sept. 24—Calgary at Edmonton; Winnipeg at Regina; Oct. 10—Winnipeg at Edmonton; Regina at Calgary; Oct. 15—Edmonton at Calgary; Winnipeg at Regina; Oct. 22—Regina at Winnipeg; Oct. 25—Playoff Second and third place teams; Nov. 5 and 11—Final; Winner of game Oct. 25, first place; Winner of game Oct. 11, first place.

Australian Tennis Stars in Semi-Final

BROOKLINE, Mass., Aug. 25.—Like the Davis cup challenge round, the United States doubles tennis championship final was assured of an Australian-American tangle today when two pairs of players from "down under" gained semi-final breaks in the same half of the draw at the Longwood Cricket-Club.

Adrian Quist and Jack Bromwich, the Australian Davis cup stars, defeated Gardner Mulholland and George Tilly of Los Angeles, 6-1, 6-2, 6-2 while their international team's sports Harry Hopman and Leonard Scheraga eliminated Yvon Petra and Bernard Destoues of France, 6-0, 6-7, 6-8.

Swims Channel

DOVER, Eng., Aug. 25.—A German 12-ft. swimmer, Bruno Westel, landed at Shakespeare Cliff, 25 miles from Dover, and announced he had swum the English Channel in 15 hours, three minutes.

The fastest crossing by a woman swimmer on record, was that of Gertrude Ederle, United States, or 14 hours, 26 minutes, in 1926. Gertrude Michel, France, holds the record at 11 hours, five minutes.

Still Hopeful

NEW YORK, Aug. 25.—Still hopeful the United States Lawn Tennis Association will see Mrs. Helen Wills Moody to August 30 to file her entry for the Mrs. Helen Wills Moody trophy, which will start the championship starting at Forest Hills, September 4. The association will use an estimated \$25,000 in prize receipts if Mrs. Moody doesn't enter.

Reduction

BERLIN, Aug. 24.—Dr. U. K. Reichenow, Prussian minister of interior and a former prominent athlete, declared here a reduction would have to be made in the number of minor events at the Helsinki Olympic Games in 1940.

COLUMBUS CLUB closed loud and long in their last stand in the 1938 baseball season, drubbing Arrow Buses 5-2 last night on a 14-hit attack.

As the teams romped off the field it marked the end of schedule competition, leaving the Cardinals and Arrow Buses to battle it out for league honors in a best-four-of-seven series final. The Columbus triumph was nothing more than just another baseball game, showing final standings held by Cardinals, followed by Arrow Buses, Belmonts and Columbus Club in that order.

Columbus clubbers had a field day, pounding four Arrow pitchers all over the lot while Duke Buehler steadily for five innings, followed up with Tony Coughlin's three-hit relief pitching.

While his mates went out for a healthy run margin, Duke Buehler was losing shutout baseball. He allowed only four hits in the first three innings before being relieved by Tony Coughlin, pitching his first nine hits in the two runs on three hits.

Football Explained

—by Eric "Eck" Duggan

(Following is the 17th article on football rules.)

INTERFERENCE.—Interference is a foul if it is allowed to interfere in a zone one yard on each side of the line 10 yards closer to the goal-line than the point from where the ball is kicked.

Defending on scrimmage line, team is allowed to interfere in a zone one yard on each side of the line of scrimmage.

Defending team is allowed to interfere in a zone one yard on each side of the line of scrimmage and may be thrown on any down. Penalty for interference on a forward pass play, ball goes to nearest free man at first down at point of foul.

Forward pass: (1) Offensive or interfering on opponent or official; (2) deliberate charging of kicker; forward pass or opponent attempting to catch the ball; (3) striking an opponent with fist, head or hand, elbow or knee; kicking an opponent; Penalty: loss of yardage, loss of down and loss of 25 yards.

Forward pass: The forward pass must be thrown from behind the line of scrimmage and may be thrown on any down. Penalty for interference on a forward pass play, ball goes to nearest free man at first down at point of foul.

Bob Fritz Leads Starry Grid Squad Against Bronks

ONCE more, after a lapse of well over a decade, Edmonton
is preparing to kick off into big time football as her
newly organized grid force, Eskimos, tackle Coach Carl
Cronin's Calgary Bronks at Clarke Stadium.

Leading Edmonton's pickin'
warriors is playing-coach Bob
Fritz, who brought the west's
first and only Dominion football
championship in 1935 as Win-
nipeg Bombers defeated Hamilton
Tigers by two touchdowns. Last
year Fritz again led his Bom-
bers east only to be edged
battles in Grey Cup history. And
that epic struggle gained Robert
almost unanimous recognition as
out in one of the closest fought
Canada's greatest player in the
game today.

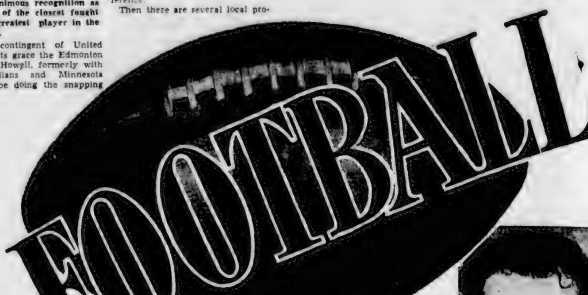

A sturdy contingent of United
States imports grace the Edmonton
entry. Lyle Howell, formerly with
Nashville, Indiana, and Minnesota
State, will be doing the snapping

dents who look like coming stars of
the game—most promising of whom
are Ted Heath, Harold Sutton and
Zeno Stevens. Two Saskatchewan
bushies, Sid Silverman of Regina
Duke, Dominion junior champions
of last year and Sutherland, a
Moose Jaw product look plenty
good.

But the real find of the works
looks like one of Mike Cutcher's
wrestlers, Soldier Thomas. The
Soldier, who captained the West
Coast Army squad for three years
in a guard, and a real one.

Missing from the Eskimos will be
Vince Yatchuk and Steve Glander,
the former from Moosehead, North
Dakota and the latter a former
Winnipeg Bomber. They are out

with injuries but will be ready for
the other games during the year.
Many, many more ago the name
Edmonton was synonymous with
powerful grid squads—every one a
potent threat to the opposition.

And as Edmontonians once again
find themselves possessing one of
the finest gridirons in the whole
dominion, the newly-founded
Clarke Stadium. The \$20,000 layout
hasn't even a close rival in western
Canada for its beautiful setting,
while the newly completed grand-
stand, gravelled approaches and
parking spaces puts it in a class by
itself.

REAL SUPPORT
And Edmonton is really rallying
to the support of this latest venture
into the field of sport. From a
paltry handful that turned out to
the first week-end of the Eskimos,
the number of spectators have
grown until a crowd that verges on
the 1,000 mark follows the action of
the 1938 men every night.

It would be expecting almost too
much of Fritz and his Eskimos to
demand that he produce a winner

MARY McIVOR WAS CENTRAL ALBERTA TITLE

Edmonton Star Beats Mrs. Fulton

RED DEER, Aug. 26.—The central Alberta ladies' golf championship will rest in Edmonton for a year through the victory scored here on Thursday by Miss Mary E. McIvor of the Capital City. Miss McIvor, who has figured among the winners in local tournaments in other years, defeated a Red Deer golfer, Mrs. J. G. Fulton, to take the championship. With the title went the handsome trophy donated by Lawrence Ltd. of Red Deer.

The Edmonton golfer entered the fours by a win over Mrs. C. D. Hubbard, Red Deer, and then went into the final by defeating Mrs. R. J. McCauley, Calgary. Mrs. Fulton, in the lower half of the draw, eliminated two club mates on her way to the final, defeating in turn Mrs. Chamberlain and Mrs. Bunn.

While the championship shot too close for comfort to the Edmonton local ladies golf club, the club's share of prizes in the other events. Mrs. H. J. Cruickshank, Red Deer, won the first flight, beating Mrs. Tom Elliott, Calgary, in the final. The final of the second flight was won by Mrs. J. G. Fulton, Calgary, triumph over Mrs. H. Simpson, Trinidad, in the final.

In the long driving event, Mrs. R. J. McCauley, Calgary, drove 188 yards to take first prize, Mrs. McIvor being second. The approach and putting competition was won by Mrs. A. T. McCormick, Calgary, after a play off with Mrs. Elliott, Calgary, and Mrs. Fulton, Red Deer. Mrs. McCauley, and Mrs. McCormick, Calgary, Mrs. R. G. Johns and Mrs. R. M. White, Red Deer, divided the prizes in the two-ball tournament.

The playing of the final on Thursday brought to a close a most successful tournament, considered the success of the Red Deer Ladies Golf club. While the trophy went to the Edmonton golfer, the prize money was divided between the two clubs. The tournament started on Wednesday and weather conditions were first defined.

I suppose that you are all wondering what I wanted you to get the old scribbler covers for and what part they would have in model airplane building. Well, I'll tell you in a minute.

But first of all get those old safety razor blades and break them into a pair of pliers so that they look like the one pictured on the plan in the building kit. Those will be the knives with which you will cut the parts for your plane from the slabs of wood in your kit.

You don't need to get any fancy razor blade holders. You can do the work just as well, and maybe better, just by holding the blade in your fingers. To protect your fingers, get a piece of ordinary adhesive tape from the medicine chest and stick a piece about half-an-inch square over the end of the forefinger of your right hand. You can then press on the back of the blade with this finger without any danger of cutting or hurting your finger.

When you have done this you are all ready to start work on your plane. Better have a couple of old match boxes or cheese boxes handy, though, to put the parts into when you have finished cutting them out.

Then get one of those scribbler covers or old pieces of cardboard I have been telling you about. Place this on top of the board you are going to use as work bench and when, I suppose, you better put on your work table or the kitchen table.

Get out the piece of wood that has all the wing-sections marked on it and put it on top of the cardboard and, using your razor blade, cut out the wing sections. But don't cut them too closely. Leave half an inch around each section on the first cut, and I'll tell you more about it tomorrow.

TALKERS ARE NOT AS POPULAR AS LISTENERS

It is not usually the person who has more to tell who is popular among his or her friends, but rather the one who can listen with interest, psychologists say. We don't like people who talk about their achievements too much, for it makes us feel small. We like people who listen eagerly to our own tales, for that makes us feel important, psychologists read. Rapid attention is one of the highest forms of flattery, and most of us fail for it and like the people who give it to us.
